NEW TECH UPGRADES

BIGGER TEAM, BETTER VALUE

The most immersive group
VR room ever created.

360 Theater Designs

Stage Design & Production

LED Art Decorations

Prepared by RPM Music Services

360 THEATER DESIGN

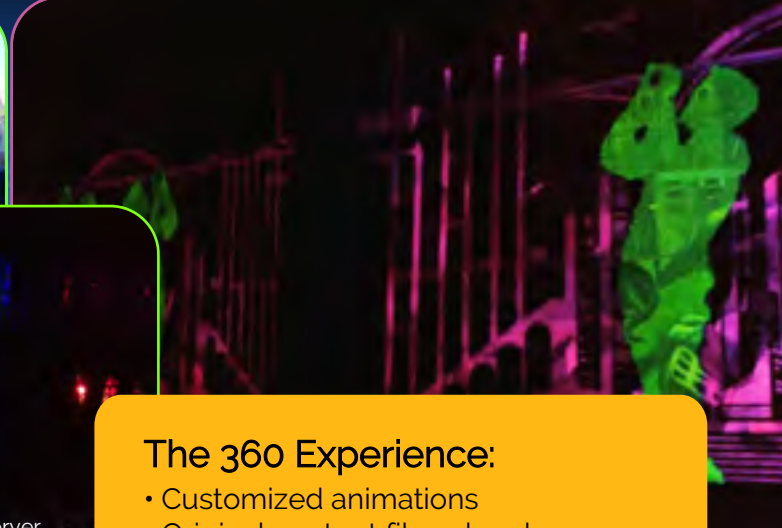

Our 360 theatres offer 'group virtual reality experiences' without the disconnection from other people that comes with wearable VR headsets.

- New proprietary computer design is a powerhouse built for projection visuals.
- Can handle video output to 8 projectors with the most powerful GPU available on the market.
- Custom 360 video and sponsor integration included
- Improved value with 200 cap 360° theatres starting at \$14,000 for 3 days

Proprietary Media Server

The 360 Experience:

- Customized animations
- Original content filmed and displayed in the 360 format
- Varying structures + sizes to fit any venue or capacity requirement.
- Control your own content remotely through a smartphone app.
- Kinect depth sensor interactivity puts the audience in the visuals.

Optional Features

- Custom lighting and decor
- Smoke machine
- Seating/furniture
- Heating or air conditioning

North Carolina State Fair 2015

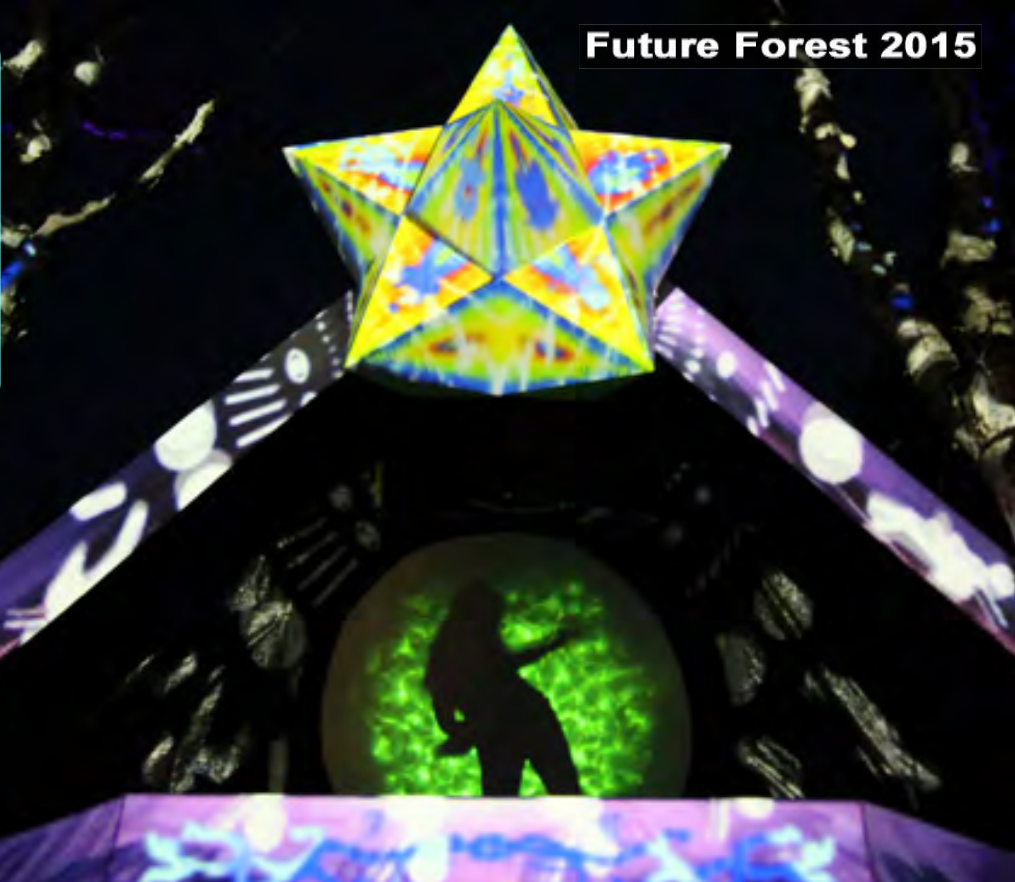

For festival-goers that love music and dancing, the 360 theater has proven to be one of the most popular locations onsite at the hottest festivals.

STAGE PROJECTION & DESIGN

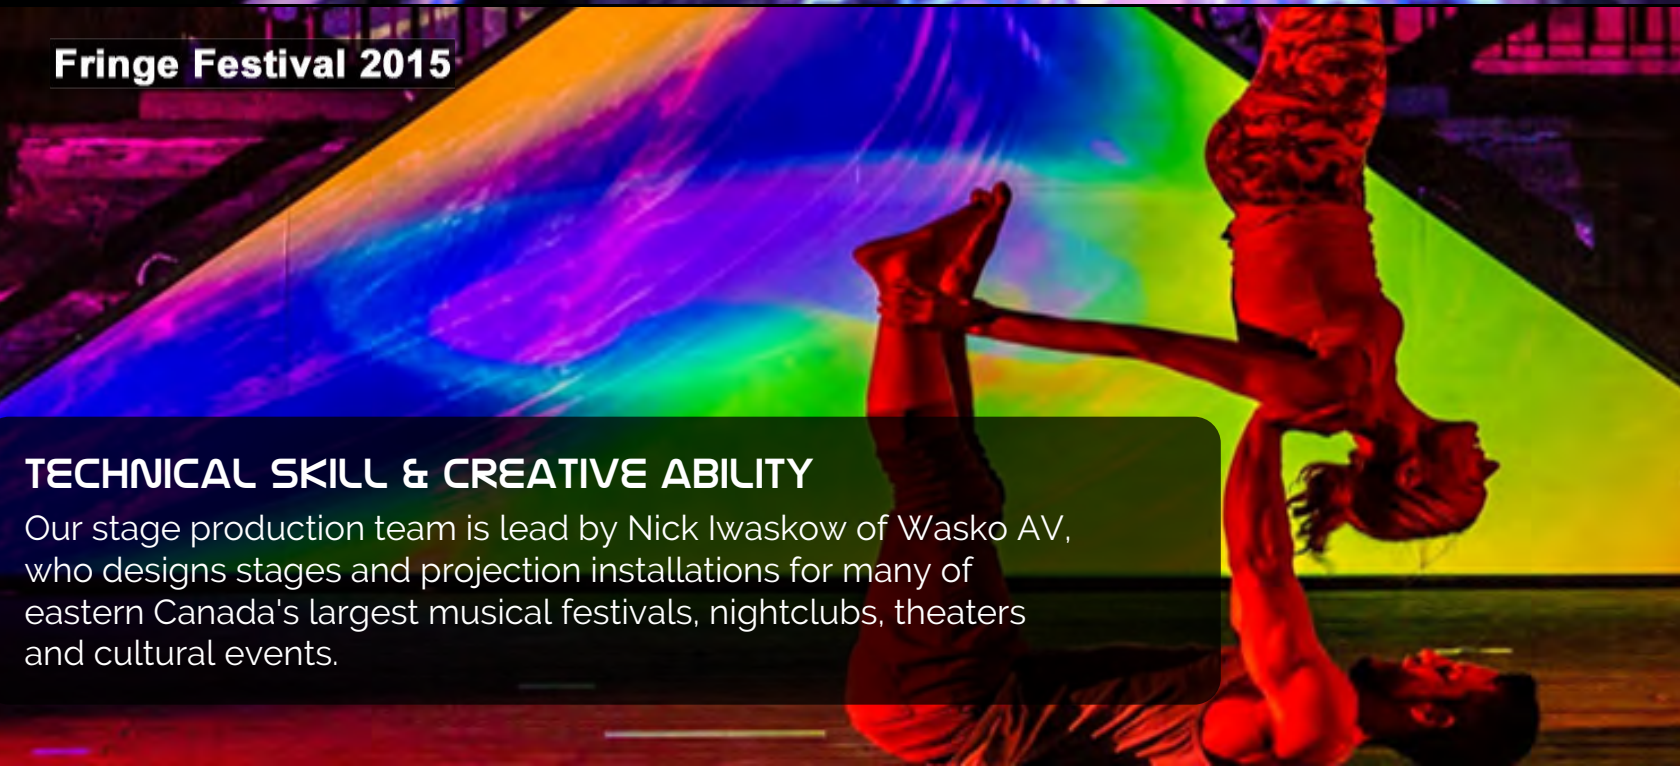

Stage production and projection mapping with years of experience. Fully equipped to fulfill your vision.

Future Forest 2015

Fringe Festival 2015

TECHNICAL SKILL & CREATIVE ABILITY

Our stage production team is lead by Nick Iwaskow of Wasko AV, who designs stages and projection installations for many of eastern Canada's largest musical festivals, nightclubs, theaters and cultural events.

LED DECORATIONS AND INSTALLATIONS

Evolve Festival 2015

LED ART TO LIGHT UP YOUR EVENT

- Handmade waterproof LED art displays, theme decor, and theme areas.
- All LED art is fully programmable, with sound reactive settings and motion reactive settings.
- New long range motion sensors allow LED art to be triggered by movement up to 30 ft away (ideal for ambience along paths and trails at outdoor festivals).
- Custom fabricated hammocks and hammock stands by Hanging Hugs, as seen at festivals all over Canada for the last 15 years.
- New 'hammocks in the clouds' chill out area creates sense of sitting in the clouds with your friends (debuted at The Evolve Festival 2015).

Playground Festival 2015

Theme areas can include LED illuminated hammocks, fog machines, reusable white polyester 'foam flooring', hanging cloud lamps, and programmable LED displays.
